

CHAPTER 5 – Marking Up Text

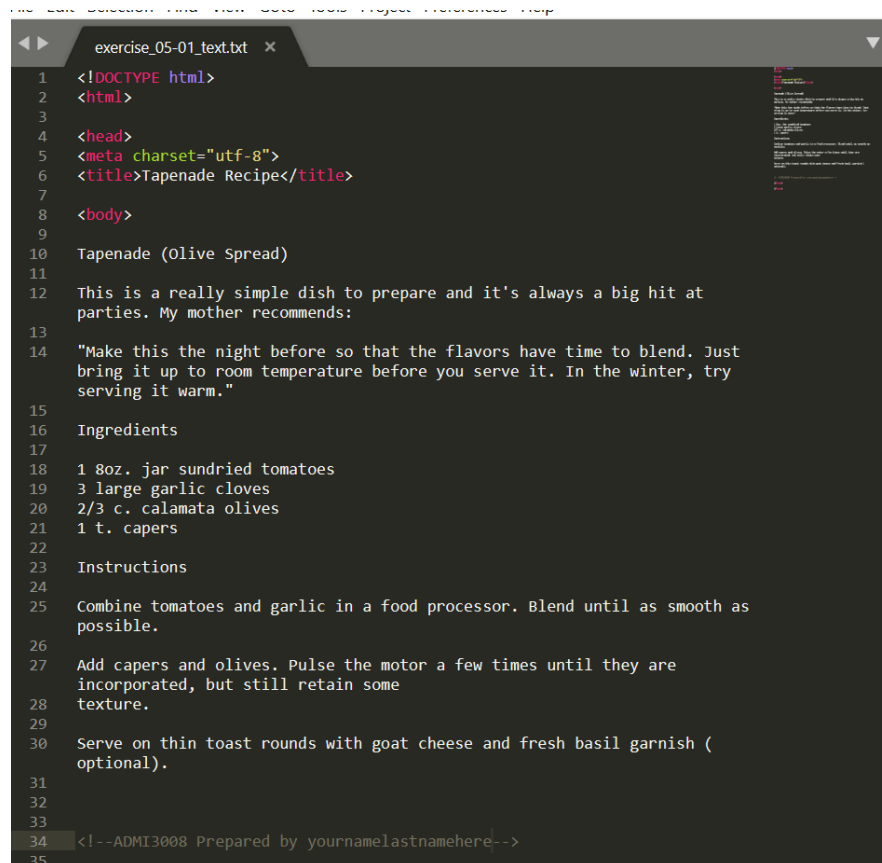

Exercise 5-1 - Marking up a recipe

1. Create a new folder in your computer using the name (in lowercase):

[namelastname\\_chapter5](#)

Note: always use lowercase letters for folders and filenames.

2. Using SublimeText editor open the **exercise\_05-01\_text.txt** file on your computer. It should look like this:

```
1 <!DOCTYPE html>
2 <html>
3
4 <head>
5 <meta charset="utf-8">
6 <title>Tapenade Recipe</title>
7
8 <body>
9
10 Tapenade (Olive Spread)
11
12 This is a really simple dish to prepare and it's always a big hit at
13 parties. My mother recommends:
14
15 "Make this the night before so that the flavors have time to blend. Just
16 bring it up to room temperature before you serve it. In the winter, try
17 serving it warm."
18
19 Ingredients
20
21 1 8oz. jar sundried tomatoes
22 3 large garlic cloves
23 2/3 c. calamata olives
24 1 t. capers
25
26 Instructions
27
28 Combine tomatoes and garlic in a food processor. Blend until as smooth as
29 possible.
30
31 Add capers and olives. Pulse the motor a few times until they are
32 incorporated, but still retain some
33 texture.
34
35 Serve on thin toast rounds with goat cheese and fresh basil garnish (
36 optional).
37
38 <!--ADMI3008 Prepared by yournamelastnamehere-->
```

3. Now save the file as a web document *in the new folder*:

File name: [recipe.html](#)

4. Add the following HTML elements to the text (**do not overlap when nesting elements**):
  - a. Element **h1** to the main topic: Tapenade (Olive Spread)
  - b. Element **h2** to these subtopics: Ingredients, Instructions
  - c. Element **p** to each of the paragraphs of text that start with:
    - i. This is a really...
    - ii. "Make this the night before...
  - d. Element **blockquote** around the “quoted” paragraph that starts with: "Make this the night before...
  - e. Add an unordered list element **ul** to the items under the topic Ingredients. Don't forget the **li** element.

- f. Add an ordered list element **o1** to the items under the topic Instructions. Don't forget the **1i** element
5. Add **your name and last name** inside the comment area after the phrase Prepared by.
- Note: do not delete the existing comment, just add your name and last name after Prepared by
6. Save the document and **view it in a web browser**. Your document should look similar to the one shown on next page. Notice the web page title and no comment in the browser window.
